

Berry Care Cards

BERRY CARE

- Always refrigerate immediately (berries will continue to ripen if not refrigerated)
- Don't wash berries until ready to use
- Rinse berries lightly & let dry on paper towels
- Rinse Strawberries with stems on

360-456-4554

FREEZING

- **STRAWBERRIES**- rinse, stem and put into freezer bags, or, if preferred you can freeze first by laying berries out onto cookie sheet and freezing 1 hr, then put into bags.
- **RASPBERRIES**-rinse if preferred (although not necessary) put into freezer bags, or you can freeze first by laying berries onto cookie sheet for 1 hr, and then put into freezer bags.
- **MARIONBERRIES**-rinse if preferred (although not necessary) put berries into freezer bags. Berries will break apart once frozen-just gently press bag, and berries will separate.
